FLANGE WIZARD Centerhuvud för 12"+ rör med magnet och libelle

35171040

FLANGE WIZARD Large Magnetic Centering Head (for pipes 12” and larger) has a one-piece magnetic “Y” shaped body like our other models, only wider and larger.

The wide-spread “Y” shaped body has two strong magnets in each leg for maximum holding power and hands free layout.

The dial is in 2-½° increments with spring tension for smooth operation in all our centering heads.

- Machined from quality aluminum material then anodized for lasting protection
- One piece “Y” shaped body design with 2-1/2° increment dial that turns 360°
- The degree dial has a built-in vial for leveling the tool at various angles
- The hardened center punch (with Safety head) marks your set position by tapping with a hammer
- Magnets in the legs will free up the users hands for a safer and more accurate layout mark
