

WRKPRO LED Magnifying lamp "SIRIUS" with 19x16 cm glass lens and 5D diopter (2,25X)

15406200

One of our Best-Sellers! A professional LED magnifying lamp with EXTRA LARGE viewing field of 19x16 cm, 5 diopter glass lens (= 2,25X magnification) and 6300K color temperature.

The flexible arm of 800 mm with 3 joints gives a large working radius. The lampshade is with a thinner design and wider glass lens than many other traditional lamps and therefore gives the user an increased field of view.

Ideal for: The lamp can be used in many places, it is especially ideal for workshops, laboratories, model making, beauty salons, dentists etc. Can also be used for reading for the visually impaired.

Also available as a model with 3 diopters.

- 5D diopter which gives 2.25X magnification
- Lens diameter: 190 x 160 mm
- Outside diameter of lamp: 270 x 250 mm
- 60 pcs. Super Bright SMD LEDs
- Swivel range: $\pm 80^\circ$
- Integrated lens protection cover
- Height: 800 mm
- LED Light Color: Classic White
- Color temperature: 6300 Kelvin
- Color rendering: 80 Ra
- Energy class: A+

Product details

Item no.	15406200
EAN	5708004050216
Customs tariff	9013809090
Sales Quantity	1

Product specifications

Barcode	5708004050216
Power consumption	10W
LED diodes	60 SMD (Super Bright)
Lens size	190 x 160 mm
Lumen output	950 Lm
Magnification (diopter)	5D (2,25X magnification)
Model	SIRIUS
Product type	Magnifying lamp
Power supply	AC 230V
External diameter Ø	270 x 250 mm
Color rendering (CRI)	>80
Gross weight	4.200 kg
Net weight	4.100 kg
